**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Supervisors of
the County of El Dorado
Placerville, California

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of El Dorado (County), as of and for the year ended June 30, 2009, which collectively comprise the County's basic financial statements and have issued our report thereon dated March 25, 2010. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of South Lake Tahoe Transit Enterprise Fund, the Children and Families Commission, and the El Dorado Transit Authority, component units of the County, as described in our report on the County's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination

of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statement is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 09-FS-1 to be a significant deficiency in internal control over financial reporting.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, of the significant deficiencies described above, we consider item 09-FS-1 to be a material weakness.

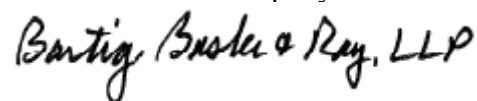

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the audit committee, management, Board of Supervisors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Board of Supervisors of
the County of El Dorado
Placerville, California

Compliance

We have audited the compliance of the County of El Dorado (County), with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. The County’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulation, contracts, and grants applicable to each of its major federal programs is the responsibility of the County’s management. Our responsibility is to express an opinion on the County’s compliance based on our audit.

The County’s basic financial statements include the operations of El Dorado County Transit Authority which expended \$1,393,093 in federal expenditures. These federal expenditures are not included in the attached Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of El Dorado County Transit Authority because this component unit engaged the performance of a separate audit in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County’s compliance with those requirements.

To the Board of Supervisors of
the County of El Dorado
Placerville, California

Compliance (continued)

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expression an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above.

To the Board of Supervisors of
the County of El Dorado
Placerville, California

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2009, and have issued our report thereon dated March 25, 2010. Our audit, described below, did not include the operations of El Dorado County Transit Authority because this component unit was subject to a separate audit under OBM Circular A-133 by independent auditors.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, Board of Supervisors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

COUNTY OF EL DORADO

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2009

Note 1: **Reporting Entity**

The accompanying Schedule of Expenditures of Federal Awards (Schedule) presents the activity of all federal awards programs of the County of El Dorado (County), with the exception of El Dorado County Transit Authority, which expended \$1,393,093 of federal awards, and was subject to a separate single audit by independent auditors. The County's reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other governmental agencies, are included in the Schedule.

Note 2: **Basis of Accounting**

The accompanying Schedule includes the federal grant activity of the County, and is presented on accounting principles generally accepted in the United States of America. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Non-cash Assistance. The Schedule contains values for the following non-cash assistance, which are not presented in the financial statements:

10.551 Supplemental Nutrition Assistance Program (SNAP) of \$9,659,488 are reported at the value of authorized Electronic Benefit cards issued.

10.557 Special Supplement Nutrition Program for Women, Infants and Children-Vouchers Redeemed totaling \$1,821,859 are reported at the value of client purchases of authorized food products.

10.576 Senior Farmer's Market Nutrition Program – Coupons of \$5,000 are reported at the value of coupons distributed.

Note 3: **Relationship to Financial Statements**

The expenditures reported in the accompanying Schedule agree, in all material respects, to the associated expenditures reported within the County's fund financial statements. Specifically, with the exception of federal award expenditures reported on a cash basis, federal award expenditures accounted for under governmental fund types use the modified accrual basis of accounting while those accounted for under proprietary fund types use the accrual basis of accounting. Federal award expenditures that are required to be reported by the grantor for reporting purposes on a cash basis are, as well, reported on the Schedule on a cash basis. Any differences between the cash and modified accrual basis of accounting for these expenditures are immaterial.

COUNTY OF EL DORADO

Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2009

Note 5: **Loans with Continuing Compliance Requirement** (continued)

- a) Value of loans made in previous years, net of principal loan repayments received to date (including repayments on new loans), for which the federal government imposes continuing compliance requirements.
- b) Value of loans made during the year, exclusive of repayments.

Note 6: **Pass-Through Grantor Award Number**

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the grantor award number assigned by the pass-through entity. When no grantor award number is shown, the County has either determined that no grantor award number is assigned for the program or the County was unable to obtain a grantor award number from the pass-through entity.

Note 7: **Department of Aging Federal/State Share**

The California Department of Aging (CDA) requires agencies that receive CDA funding to display state-funded expenditures discretely along with the related federal expenditures. The County expended the following federal and state amounts under these grants:

COUNTY OF EL DORADO

Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2009

Finding/Program	Findings/Noncompliance
Finding 09-FS-1	<p><i>Accounting for Infrastructure – capitalization policies and procedures</i> <i>Reporting Requirement: Material Weakness</i></p> <p><u>Criteria</u></p> <p>Government Accounting Standards Board Statement No. 34 (GASB No. 34) defines infrastructure assets as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant greater number of years than most “capital assets”. Further, footnote 67 of GASB No. 34, paragraph 154, requires a government that has the primary responsibility for managing an infrastructure asset to report the asset in its financial statements, even if it has contracted with a third party to maintain that asset.”</p> <p><u>Condition</u></p> <p>During our review of the fiscal year 2008-09 infrastructure assets additions based on an annual road report provided to the State of California (State), we noted that \$10.7 million of additions had been recorded for improvements made to State owned roads. Further, when additions in prior fiscal years were re-examined we found additional amounts had been recorded for the construction and improvements made to State owned roads in previous fiscal years. Inquiries of County Department of Transportation fiscal management indicated that the State was primarily responsible for the management maintenance of these State owned roads and road improvements.</p> <p><u>Cause</u></p> <p>Procedures established by the Auditor-Controller’s Office to account for infrastructure assets based on the Department of Transportation’s annual road report to the State (Road Report), did not include procedures to ensure that all infrastructure improvements reflected in the Road Report were to County owned roads.</p> <p><u>Effect of Condition</u></p> <p>Infrastructure assets as of July 1, 2008 were overstated by \$9.1 million or 2.2% and infrastructure depreciation as of July 1, 2008 was overstated by \$3.0 million or 1.5%, and required a restatement or reduction of beginning net assets balance of \$6.1 million or 1.1%. An audit adjustment was also necessary in the current year to remove \$10.7 million in amounts capitalized in the current fiscal year.</p>

<u>Finding/Program</u>	<u>Findings/Noncompliance</u>
Finding 09-FS-1 (continued)	<p><u>Recommendation</u></p> <p>We recommend that the County implement procedures to ensure that any State owned road improvements reported on the Road Report be excluded from infrastructure additions and that any State owned roads capitalized in previous years be removed from the Infrastructure and Infrastructure Depreciation balances as of July 1, 2008.</p> <p><u>Management's Response</u></p> <p>The County concurs with the finding and recommendation. This recommendation has been implemented by the County whereby procedures to record infrastructure asset balances and additions have been modified and beginning net assets have been restated.</p>
