**SUBJECT: Addendum No. 4**  
**US 50 HOV Lanes Phase 1 El Dorado Hills to Bass Lake Grade**  
**(Contract No. 53110)**

Submit proposals for this work with the understanding and full consideration of this addendum. The revisions declared in this addendum are essential parts of the Contract.

ADDENDUM ITEM NO.	PAGE OR DRAWING NO.	DESCRIPTION OF CHANGE
4.01	Plan Sheet 4	<b>Project Plan Sheet 4 -</b> "TYPICAL CROSS SECTIONS X-3", plan sheet 4 of 541, is replaced. The replacement sheet deletes the typical section for Highway 50 Station "A2" 35+50.00 to 36+97.40.
4.02	New Plan Sheet 4A	<b>Project Plan Sheet 4A -</b> A plan sheet is added to the project plans as sheet 4A of 451 - "TYPICAL CROSS SECTIONS X-3A". The typical section for Highway 50 Station "A2" 35+50.00 to 36+97.40 is shown on this sheet including a westbound shoulder detail for Highway 50 Station "A2" 35+50.00 to 47+75.00.
4.03	SP-42	<b>Section 7-1.02 PROOF OF INSURANCE REQUIREMENTS</b> The first sentence of the last paragraph is modified to read as follows: " 5. Contractor shall require each of its subcontractors to procure and maintain commercial general liability insurance, umbrella or excess liability insurance, workers' compensation insurance, and automobile liability insurance of the types and in the amounts specified above, or shall insure the activities of its subcontractors in its own policy in like amounts." Add the following sentence after the first sentence of the last paragraph: "For each subcontractor, the "Total Bid" in the table above shall be interpreted as the total amount of the work subcontracted to the subcontractor." For example: If a sub on the job is being paid \$1.5M to do his portion of the job, he/she would only have to meet the

		>\$1M and <=\$5M limits and would therefore only have to secure \$10M in excess liability.
