MHSSA GRANT AGREEMENT

EXHIBIT A

SCOPE OF WORK

I. Parties

The parties to this Agreement are the Behavioral Health Services Oversight & Accountability Commission formerly the Mental Health Services Oversight & Accountability Commission (BHSOAC, MHSOAC or Commission), a state agency headquartered in Sacramento, California; and the El Dorado County Health and Human Services Agency (Grantee or El Dorado County) with headquarters in Placerville, California.

II. Summary/Purpose

This grant is part of a total award of \$25 million in grant funding Round 4 under the Mental Health Student Services Act (MHSSA). This is a competitive-bid grant following a Request for Applications (RFA) released in May-June 2024 as RFA MHSSA 004, Addendum 2.

There are four Categories of funding under MHSSA Round 4 for specific services designed to support the previous three rounds. The Categories are: 1) Marginalized and Vulnerable Youth, 2) Universal Screening, 3) Sustainability, and 4) Other Priorities. **This grant was awarded under Category 2: Universal Screening.**

Grantee is identified in its grant Application submitted by a MHSSA Partnership that includes school districts, in accordance with program requirements. Applicants were allowed to submit in multiple Categories. Identical grants were awarded to nine (9) Applicants under Category 2. A total of fifty-one (51) grants were awarded.

The Commission recognizes that a young person living with unaddressed mental health needs is more likely to experience social, economic, and health-related challenges later in life, shortening their life expectancy by 10 to 20 years. However, mental health needs are identified and supported early, individual outcomes greatly improve. Screening for unmet mental health needs, particularly when people are young, is a key strategy for promoting early intervention. Settings in which young people routinely engage, such as schools, are considered opportune settings for routine health screenings (See *Universal Mental Health Screening of Children and Youth Project, Phase 1: Literature Review* published on the Commission's website.). As such, the Commission supports Universal Screening of students as a core component of a comprehensive school mental health system under the MHSSA. School-based Universal Mental Health Screening is the

proactive assessment of all students' social, emotional, and behavioral health risks and strengths.

The overall Purpose of this Agreement is to explore opportunities for Universal Screening to better understand and respond to the unique and nuanced needs of students, with a focus on school districts in a socioeconomically disadvantaged region. The results of Grantee's work under this Agreement may be scaled statewide.

III. Recitals

- A. Mental Health Services Act (MHSA). In 2004, state voters approved Proposition 63, also known as the MHSA. This sweeping law, which created the Commission at Welfare & Institutions Code (WIC) Section 5845, calls for transformation of the mental health system while improving the quality of life for Californians living with mental and behavioral health challenges. The MHSA continues in effect as amended effective January 1, 2025, under Proposition 1. (AB531. Ch. 789, Stats. 2023.)
- B. Budget & Expenditures. On an annual basis, the state Legislature and Governor appropriate funds through the State Budget Act for the Commission to provide oversight, review, training, technical assistance, accountability, and evaluation of specified mental or behavioral health projects and programs. This includes grants and research projects under the MHSSA.
- C. Mental Health Student Services Act. The MHSSA, created at WIC Section 5886, is designed to bring mental and behavioral health services to children and youth at their school campuses. Specific program goals are set forth at the statute: (A) Preventing mental illnesses from becoming severe and disabling; (B) Improving timely access to services for underserved populations; (C) Providing outreach to families, employers, primary care health care providers, and others to recognize the early signs of potentially severe and disabling mental illnesses; (D) Reducing the stigma associated with the diagnosis of a mental illness or seeking mental health services; (E) Reducing discrimination against people with mental illness; (F) Preventing negative outcomes in the targeted population. (WIC Section 5886 (c)(3).)
- D. MHSSA Partnerships. MHSSA grants shall only be awarded to a countywide "partnership" among and between a county's mental or behavioral health department, and one or more school districts, and county office of education and/or charter school(s). A "lead agency" may be identified and the statute also recognizes partnerships formed through a consortium between city and county government. (WIC Section 5886 (a)&(b).) Grant applicants must provide the Commission with written evidence of support by the governing boards of all partners. (WIC Section 5886(c)(1)&(2).)

MHSSA Round 4**Category 2: Universal Screening**

- E. Procurement. This grant was awarded based on a Request for Applications (RFA) for the MHSSA Round 4 (RFA MHSSA-004 Addendum 2) grant program. The RFA was made available to all counties.
- F. Incorporation by Reference. The RFA and Grantee's Application are incorporated by reference and made part of this Agreement as if attached hereto. The RFA will govern in the event of conflict.
- G. Prior MHSSA Funding. The Commission previously funded three rounds of MHSSA grants at a total of \$255 million to 57 counties (Grantees). The 57 grantees are part of the Commission's ongoing MHSSA Learning Collaborative.
- H. TCT Grants. The Commission recently awarded four MHSSA grants under a separate but related Technical Coaching Team (TCT) program. TCT grants are designed to assist all MHSSA grantees in specific areas, as awarded to: 1) Imperial County Office of Education (23MHCOAC043) for Sustainability, 2) Tehama County Department of Education (23MHSOAC041) for Data Collection, 3) Imperial County Office of Education (23MHCOAC040) for Partnership Development, and 4) Placer County Office of Education for Program Implementation (23MHSOAC042). See Attachments A-1 through A-4.
- I. TA Consultant. These four grantees will provide Technical Assistance (TA) in collaboration with a Statewide Technical Assistance Coordinator to be retained by the Commission.
- J. Evaluation Consultant. The Evaluation Consultant is WestEd, working in collaboration with the Commission and its consultants.
- K. WestEd. WestEd is a nonprofit corporation headquartered in San Francisco and formed under a Joint Powers Agreement and governed by public entities in Arizona, California, Nevada and Utah with Board members representing agencies from these and other states. WestEd is dedicated to research and evaluation support for public and private educational practices. The Commission has retained WestEd under a separate Agreement to develop a plan for evaluating MHSSA partnerships, activities and services, and student outcomes on a statewide basis. The WestEd MHSSA Evaluation Plan will include an evaluation framework, research questions, viable school mental health metrics using an analytical and methodological approach.
- L. Commission Approval. The Commission approved the expenditure of funds for MHSSA Round 4 at its regular meeting on February 22, 2024 (Agenda Item 9).

M. Asset Responsibility. Assets, vehicles, equipment and other operational material purchased with grant funds awarded herein must be used for the purposes of this grant for the duration of this grant. At the conclusion of this grant, the asset becomes the responsibility of the Grantee physically and financially.
