NOTICE OF INTENT TO ADOPT

NOTICE is hereby given that the County of El Dorado, within the State of California intends to adopt a Mitigated Negative Declaration for the project described below.

TITLE: Bass Lake Road and Bridlewood Drive Roundabout Project

LOCATION: The proposed Bridlewood Roundabout Project (Project) is located at the intersection of Bass Lake Road and Bridlewood Drive in the unincorporated community of El Dorado Hills in El Dorado County, California. The Project would be constructed within the existing roadway intersection and the immediate approach segments.

GENERAL DESCRIPTION: The proposed Project would construct a single-lane roundabout with associated geometric and safety features typical of modern roundabouts. These improvements would include roundabout construction and roadway realignment, central island construction and truck accommodation, construction of approach splitter islands and channelization features, pedestrian crossings, sidewalk and multi-use path improvements, and installation of curb, gutter, and drainage features. Proposed improvements would also include new signing, striping, and lighting, as well as landscaping and hardscape. The Project would be constructed primarily within existing roadway right of way. Minor additional right of way and/or temporary construction easements may be required adjacent to the intersection to accommodate grading, drainage tie-ins, and construction staging (to be confirmed during final design and right of way engineering, as applicable).
