

ARTICLE 6 – ZONING ORDINANCE ADMINISTRATION

CHAPTER 17.60 – ADMINISTRATIVE RESPONSIBILITIES

Sections:

- 17.60.010 Purpose
- 17.60.020 Development Services Director and Department
- 17.60.030 Zoning Administrator
- 17.60.040 Planning Commission
- 17.60.050 Board of Supervisors
- 17.60.060 Technical Advisory Committee
- 17.60.070 Design Review Committee
- 17.60.080 Floodplain Administrator

CHAPTER 17.61 – NONCONFORMING USES, STRUCTURES, AND LOTS

Sections:

- 17.61.010 Purpose
- 17.61.020 Continuation, Transfer, or Sale
- 17.61.030 Determination of Nonconforming Status
- 17.61.040 Nonconforming Uses
- 17.61.050 Nonconforming Structures
- 17.61.060 Nonconforming lots

CHAPTER 17.63 – AMENDMENTS AND ZONE CHANGES

Sections:

- 17.63.010 Purpose
- 17.63.020 Ordinance Amendments and Zone Change Applications
- 17.63.030 Conditional Zone Changes
- 17.63.040 General Plan and Specific Plan Amendments

CHAPTER 17.65 – COVENANT OF EASEMENT

Sections:

- 17.65.010 Purpose
- 17.65.020 Applicability
- 17.65.030 Form of Covenant
- 17.65.040 Effect of Covenant

- 17.65.050 Release of Covenant
- 17.65.060 Enforceability

CHAPTER 17.67 – CODE ENFORCEMENT

Sections:

- 17.67.010 Purpose
- 17.67.020 Conformance by County Officials.
- 17.67.030 Administration and Enforcement.
- 17.67.040 Penalty for Violation.
- 17.67.050 Abatement of Nuisance.
- 17.67.060 Subsequent Permits
- 17.67.070 Remedies Cumulative
- 17.67.080 Investigation Fee

CHAPTER 17.68 – POST-DISASTER REBUILDING

Sections:

- 17.68.010 Purpose
- 17.68.020 Exceptions
- 17.68.030 Applicability
- 17.68.040 General Provisions
- 17.68.050 Modifications of the Provisions of this Title
- 17.68.060 CEQA Exemption
- 17.68.070 Appeals

CHAPTER 17.60 – ADMINISTRATIVE RESPONSIBILITIES

Sections:

- 17.60.010 Purpose
- 17.60.020 Development Services Director and Department
- 17.60.030 Zoning Administrator
- 17.60.040 Planning Commission
- 17.60.050 Board of Supervisors
- 17.60.060 Technical Advisory Committee
- 17.60.070 Design Review Committee
- 17.60.080 Floodplain Administrator

17.60.010 Purpose

As provided by California Government Code Section 65100, the purpose of this Article is to identify each review authority’s duties and responsibilities pertaining to recommendations and/or decisions on permit and land use authorizations, as well as those of non-regulatory bodies acting in an advisory capacity.

17.60.020 Development Services Director and Department

The Director shall have the responsibility and authority to direct the performance of those functions described in California Government Code Section 65103 and any other responsibilities assigned by the Board in compliance with Chapter 2.30 of the County Code, to include the administration and enforcement of the provisions of this Title. Except where otherwise provided by this Title, the aforementioned responsibilities of the Director may also be carried out by Department staff under the supervision of the Director, to include but not be limited to the following:

- A. Prepare, periodically review, and revise the General Plan.
- B. Implement the General Plan through actions including the administration of adopted community design standards, specific plans, and ordinances.
- C. Annually review the capital improvement program of the County and the public works projects of other local agencies for their consistency with the General Plan.
- D. Promote public interest, understanding, and comment on the General Plan and regulations relating to it.
- E. Consult and advise with public officials and agencies, public utility companies, civic, educational, professional, and other organizations, and citizens generally concerned with implementation of the General Plan.

- F. Promote the coordination of local plans and programs with the plans and programs of other public agencies.
- G. Determine the adequacy of Environmental Impact Reports and other special reports in compliance with the California Environmental Quality Act (CEQA) and Section 17.51.030 (Environmental Review).
- H. Perform staff-level project review, with or without notice (Subsections 17.50.050.C-D). For other discretionary applications, make recommendations of approval, conditional approval, or denial to the proper review authority under Table 17.50.040.A (Review Authority).
- I. Make investigations and reports on the design and improvements of proposed subdivisions and other discretionary applications affecting the development of real property, and make or recommend imposition of requirements or conditions on these applications.
- J. Prepare documents for the implementation of State Planning and Land Use Law (Government Code Section 65000 et seq.) and other miscellaneous planning related laws. These documents shall include administrative policies, procedures, ordinances, resolutions, and project application filing forms, information, and requirements, and other public information documents.
- K. Act as or appoint the Zoning Administrator for purposes of complying with Government Code Section 65900 et seq.

17.60.030 Zoning Administrator

The Director or a designee shall serve as the Zoning Administrator in compliance with Subsection 17.60.020.K, as follows:

- A. The Zoning Administrator shall serve as the hearing officer and is assigned the review authority of original jurisdiction to consider and approve or deny applications for development applications in compliance with Table 17.50.040.A (Review Authority), parcel map applications under Title 16, and any other matter specifically provided by this Title. When the Zoning Administrator is a designee of the Director, that person shall also perform his/her other duties appropriate to the personnel title of the designee. The designee shall be subordinate and directly responsible to the Director and/or any intermediate supervisory staff in the performance of all duties except those of the Zoning Administrator. However, the designee shall not be subordinate to, nor under the direction or control of the Director when performing the duties of the Zoning Administrator.
- B. The Zoning Administrator may transfer original hearing jurisdiction to the Commission at his/her discretion when it is deemed necessary because of policy implications, unique or unusual circumstances, or the magnitude of a project.

17.60.040 Planning Commission

The Commission, in compliance with Chapter 2.27 of the County Code, shall serve as the hearing body assigned to consider and approve or deny development applications under this Title and Title 16 (Subdivisions Ordinance) as either the review authority of original jurisdiction or on appeal, in compliance with Table 17.50.040.A (Review Authority). The Commission shall serve as an advisory agency to the Board on zone change and general plan amendment applications, and any other matter specifically provided by this Title.

17.60.050 Board of Supervisors

The Board shall act as the review authority for land use applications that require a public hearing and legislative action, and for those that are referred or appealed to the Board in compliance with Table 17.50.040.A (Review Authority).

17.60.060 Technical Advisory Committee

A Technical Advisory Committee (TAC), as defined in Article 8, shall review all applications for discretionary permits and, under their regulatory authority, provide comments and requirements to the Department that are necessary for the development of the project. The Department shall schedule a meeting to review said comments and requirements with the applicant, in compliance with the following procedures:

- A. The TAC shall meet as soon as possible after the application has been deemed complete, in compliance with Subsection 17.51.020.F. In more complex projects, the Department may determine that a meeting date is required prior to the application being deemed complete in order to provide more immediate direction to the applicant.
- B. Meetings shall be noticed concurrently with the initial consultation letter sent by the Department to those agencies having jurisdiction or interest in the project for their review and comments.
- C. The TAC meeting, as an advisory part of the permit process, is not open to the general public. The TAC meeting shall be open to the applicant and/or the applicant's agent and, at their discretion, anyone else involved in the project, such as project managers, civil engineers, or environmental consultants.

17.60.070 Design Review Committee

The Board may establish by resolution a design review committee to review and comment upon discretionary development applications within the boundaries of the design review district. The terms and arrangements for the committee shall be as follows:

- A. Composition.** A design review committee shall consist of no fewer than three and not more than five members. County officials shall not be included. The members shall be selected and appointed by the Board, as follows:
- a. At least three members shall be residents and owners of property located within the district boundaries.
 - b. When more than three members comprise the committee, up to two additional members may be owners of commercial property located within the district boundaries.
- B. Compensation.** The appointed members of the design review committee shall serve without compensation and shall not be entitled to reimbursement of mileage or necessary expenses by the County.
- C. Appointment.** The term of office of each member shall be four years and until the first appointment and qualification of their successor. The first members shall classify themselves by lot so that the term of office of two members is two years, and remaining members is three years. Members otherwise serve until the appointment and qualification of their successor. Any member, even though they serve for a term, may be removed by the Board without cause. A vacancy may be filled only for the unexpired term. All vacancies on the committee shall be immediately reported to the Board.
- D. Officers.** At the first meeting of the design review committee, and thereafter at the first meeting of each calendar year, the committee shall elect from its membership a chairman, vice chairman, and secretary, who shall hold office for a term of one year and until the election of their successors.
- E. Meetings.** Meetings may be held on the call of the chairman or any two members when matters are referred for committee review in compliance with Subsection H, by mailing notice of the time, place, and purpose of the meeting to each member at least seven days prior to the meeting. The meetings, including public notice of such meetings, shall conform to the requirements of California Government Code Section 54950 et seq.
- F. Quorum.** Two-thirds of the appointed committee members shall constitute a quorum for the transaction of business, which translates to two out of three sitting members, or three out of four or five sitting members.
- G. Lapse of Membership.** For reasons including, but not limited to continued absence, a member of the design review committee may be removed from office without cause, by an order adopted by a majority vote of the Board declaring that office vacant.
- H. Powers and Duties of the Design Review Committee.** The design review committee shall have the following duties and powers:

1. Act in an advisory capacity to the Director, Commission, or Board with regard to providing review and comment on discretionary development applications for multi-unit residential, commercial, mixed-use, and industrial applications within their district boundaries.
2. Utilize adopted design guidelines and standards, ordinances, and if clearly identifiable, neighborhood preferences to aid in their review process.
3. Provide recommendations to the Board and the Director regarding the improvement, expansion, or modification of design review procedures and standards.

17.60.080 Floodplain Administrator

The Director or a designee is appointed to administer, implement, and enforce the provisions of Chapter 17.33 (Flood Damage Prevention Ordinance) by performing the duties and responsibilities under Section 17.33.040 (Administration).

CHAPTER 17.61 – NONCONFORMING USES, STRUCTURES, AND LOTS

Sections:

- 17.61.010 Purpose
- 17.61.020 Continuation, Transfer, or Sale
- 17.61.030 Determination of Nonconforming Status
- 17.61.040 Nonconforming Uses
- 17.61.050 Nonconforming Structures
- 17.61.060 Nonconforming lots

17.61.010 Purpose

Within the County there exist land uses and structures that were lawfully in existence before the adoption of this Title, but which would be prohibited, regulated, or restricted differently under the terms of this Title, as amended. The purpose of this Chapter is to allow such legal, but nonconforming land uses and structures to exist under the limited conditions identified in this Chapter and to provide for their eventual elimination in order to protect the public health, safety, and welfare. In addition, the purpose of this Chapter is to provide a means of determining the legal creation of existing lots in order to establish their nonconforming status and to provide standards for development on said lots.

17.61.020 Continuation, Transfer, or Sale

A nonconforming use, structure, or lot, as defined in Article 8, may be continued, transferred, or sold subject to the limitations set forth in Sections 17.61.040 through 17.61.060 below. Restrictions and conditions affecting an existing nonconforming use, structure, or lot shall apply and shall not be affected by ownership changes.

17.61.030 General Provisions

- A. The Director shall make the determination whether a use or structure is nonconforming based upon data supplied by the property owner or other interested parties. The data must demonstrate the use or structure was permitted at the time it was established or constructed, or was in compliance with ordinances in existence at the time of its establishment, and the use or structure has been continuously operated or maintained. The determination of nonconforming status shall be made by the Director in compliance with Section 17.52.010 (Administrative Permit), as follows:
 - 1. The Director may request such information as determined necessary to complete an investigation on the nonconforming status of the use or structure.
 - 2. Prior to making a determination of nonconforming status, the Director shall provide a public notice of intent to make a determination, in compliance with

Subsection 17.52.010.E. If a written objection is filed in this period, the determination of the nonconforming status shall be made by the Commission in compliance with Paragraph 17.52.010.E.3.

3. Upon completion of the investigation, the review authority shall provide a written determination of the status of the nonconforming use or structure.
- B. A use or structure that is not determined to be “nonconforming” shall be considered illegal and have no vested rights. Any use or structure which has been illegally established and which does not conform to the use provisions or development standards of the zone in which it is located is in violation of the County Code and shall be deemed a public nuisance and shall be subject to all available measures for abatement and correction of the violation(s) in compliance with Chapter 17.67 (Code Enforcement).
 - C. Nothing in this Section shall prohibit the establishment of special regulations for specific nonconforming uses and structures regulated by other sections of this Title. Such regulations may provide for the retirement or amortization of those specific uses and structures.

17.61.040 Nonconforming Uses

An existing use that does not conform to the permitted uses for the zone in which it is located shall be deemed a “nonconforming use” if the use was in compliance with codes and ordinances in existence at the time of its establishment or if the required permit was obtained prior to its establishment. A nonconforming use shall be subject to the following:

- A. A nonconforming use shall not be converted to another nonconforming use nor have the addition of another use not permitted in the zone in which it is located.
- B. A nonconforming use shall not be expanded in size or intensity, (i.e. hours of operation), except by Conditional Use Permit and only if the use is allowed by Conditional Use Permit in the zone in which it is located.
- C. A nonconforming residential use located in a non-residential zone may be maintained and repaired, but may not be extended, expanded, or altered. However, if said use is partially or completely destroyed by fire or other calamity, whether or not it meets or exceeds the threshold of a “substantial improvement”, as defined in Article 8, it may be restored or rebuilt as follows, subject to the provisions in Subsection 17.61.050.B:
 1. A single-unit residential structure located in a non-residential zone may be reconstructed, rebuilt, or restored within the existing footprint or in another location on the site if it will better conform to topographical or resource constraints or will reduce impacts to adjoining lots.

2. A multi-unit residential dwelling located in a non-residential zone may be reconstructed, restored, or rebuilt providing its predamaged size and number of dwelling units are maintained.
- D. A nonconforming use shall be deemed terminated, except as otherwise provided in this Chapter, if either of the following occurs:
1. The site is in violation of Subsections A and B above.
 2. The use has been found by the Director to have been abandoned, discontinued, or changed to a conforming use for a continuous period of 181 days or more;
 3. The Commission, after holding a public hearing, finds that the use is detrimental to the public health, safety, and welfare or constitutes a nuisance, as defined in Article 8, and denies the nonconforming use subject to appeal, in compliance with Section 17.52.090 (Appeals).
- D. Continuation of any nonconforming use after its being deemed terminated in compliance with this Section shall constitute a violation of this Chapter and shall be subject to enforcement proceedings, as provided for in Chapter 17.67 (Code Enforcement).
- E. A nonconforming use that is discontinued, changed, or terminated shall not be re-established and any future use of the land shall comply with all regulations of the zone in which the site or structure is located and all other provisions of this Title.

17.61.050 Nonconforming Structures

A structure lawfully occupying a site that does not conform with the current development standards either for its zone or elsewhere within this Title shall be deemed to be a nonconforming structure and may be used and maintained, except as otherwise provided in this Section.

- A. A nonconforming structure shall not be altered or modified except when being brought into compliance with the standards of this Title or subject to the following exceptions:
1. The extension or expansion of a structure that is nonconforming as to setback regulations may be permitted if such extension or expansion conforms to all other applicable provisions of this Title and the following criteria:
 - a. Extension or expansion of the structure does not increase the nonconformity further within the setback.
 - b. New construction above the first story of a structure meets all setback requirements.

2. A nonconforming structure may undergo normal maintenance and repair, such as painting, plumbing, re-roofing, and similar work necessary to protect the public health, safety, and welfare.
 3. A nonconforming structure that requires less than “substantial improvement”, as defined in Article 8, may be restored or rebuilt subject to the following:
 - a. All applicable permits must be obtained and actual construction must begin within a one-year period from the date of the destruction;
 - b. Restoration or reconstruction must be diligently pursued to completion;
 - c. Any reconstructed structure may be rebuilt within its original footprint but shall not be expanded further as to its nonconformity. Reconstruction in another location on the site may be allowed if the nonconformity will be reduced or eliminated altogether;
 - d. Failure to start restoration within the one-year period or failure to diligently pursue completion of the restoration, as determined by the Director, shall result in a removal of the nonconforming structure in compliance with Section 17.61.060 below.
- B.** In the event the nonconforming structure sustains damage or destruction that requires “substantial improvement”, no restoration or rebuilding shall be allowed unless every portion of the structure is made to conform to all development standards and regulations for the zone in which it is located.

17.61.060 Nonconforming Lots

Nonconforming lots are those lots legally created in compliance with Chapter 16.76 of the County Code that do not conform to the lot area and dimension standards for the zones in which they are located. Nonconforming lots shall be subject to the following:

- A. The uses permitted in the zone shall be permitted on a nonconforming lot.
- B. Development standards for the zone in which the lot is located, including setbacks, shall be applied to all development on the lot.

CHAPTER 17.63 – AMENDMENTS AND ZONE CHANGES

Sections:

- 17.63.010 Purpose
- 17.63.020 Ordinance Amendments and Zone Change Applications
- 17.63.030 Conditional Zone Changes
- 17.63.040 General Plan and Specific Plan Amendments

17.63.010 Purpose

The purpose of this Chapter is to allow amendments to this Title by changing either its provisions or the boundaries of a zone through the respective text amendment or zone change application process when determined necessary or desirable to implement the general plan, support economic development, provide housing for the County’s residents, protect natural resources, or protect the public health, safety, and welfare.

17.63.020 Ordinance Amendments and Zone Change Applications

- A. The text amendment and zone change application processes may be initiated by one of the following:
 - 1. The verified application of one or more property owners affected by the proposed text or zone change amendment, to be filed with the Department and accompanied by a fee established by resolution of the Board;
 - 2. Resolution of intention of the Board; or
 - 3. Resolution of intention of the Commission.
- B. Following the filing of a verified application, as provided for in Paragraph A.1 above, and the completion of the application requirements, environmental review, and noticing procedures as provided for in Chapter 17.51 (General Application Procedures), the Commission shall hold a public hearing on the request. The Commission shall make a report of its findings and a recommendation to the Board on the proposed text or zone change amendment.
- C. Where a zone change amendment to a higher density or intensity zone is being proposed, approval shall be based on, but not limited to findings of adequate infrastructure and support services for the increased land use demands, and lack of significant impacts to the surrounding area (General Plan Policy 2.2.5.3).
- D. Following the hearing by the Commission, the Board shall hold a noticed, public hearing on the request. The Board may approve, modify, or disapprove the recommendation of the Commission, in part or in whole, providing the Board finds that

the proposed text or zone change amendment is consistent with the General Plan. Any modification to the proposed request made by the Board that was not previously considered by the Commission shall be referred back to the Commission for further findings and recommendation on that specific modification.

- E. A text or zone change amendment shall become effective on the 30th day following the adoption of an ordinance by the Board.
- F. No application for an amendment shall be reconsidered by the Commission within one year from the date it was previously considered by that body or the Board, in compliance with Section 17.54.080.

17.63.020 Conditional Zone Changes

- A. The Commission may recommend and the Board may impose reasonable conditions or mitigation measures on the approval of any zone change application for the purposes of ensuring consistency with the General Plan, mitigating environmental impacts, minimizing conflicts with surrounding land uses, or any other purpose that is determined by the Board to be necessary to protect the public health, safety, and welfare.
 - 1. Such conditions or mitigation measures imposed may include, but not be limited to dedication of additional road right-of-way or easements, requirements for participation in the cost of public improvements reasonably related to the land uses that would be permitted by the proposed zone, and limitations on the type, intensity, and nature of land uses permitted in the proposed zone.
 - 2. When a conditioned zone change amendment is adopted by the Board, the amendment shall specify when such conditions or measures shall be satisfied relative to any subsequent grants of development approval by the County.
- B. A notice of restriction shall be recorded against all lots that are encumbered by the conditions or mitigation measures imposed by the conditional approval of a zone change amendment. Said notice shall provide constructive notice to the public of the conditions and the time in which the conditions shall be satisfied.

17.63.030 General Plan and Specific Plan Amendments

Amendments to the General Plan or any adopted specific plan, hereinafter referred to as “Plan amendments”, shall be processed in the same manner as amendments to this Title in compliance with Government Code Section 65358, except that the Plan amendments, if approved by the Board, shall be adopted by resolution rather than ordinance. A Plan amendment shall become effective on the 30th day following the adoption of a resolution by the Board.

CHAPTER 17.65 – COVENANT OF EASEMENT

Sections:

- 17.65.010 Purpose
- 17.65.020 Applicability
- 17.65.030 Form of Covenant
- 17.65.040 Effect of Covenant
- 17.65.050 Release of Covenant
- 17.65.060 Enforceability

17.65.010 Purpose

When necessary to achieve the land use goals of the County, the County may require a property owner holding property in common ownership to execute and record a Covenant of Easement in favor of the County, in compliance with Government Code Section 65870 et seq.

17.65.020 Applicability

A Covenant of Easement may be required:

- A. To provide for open space and resource conservation dedications, emergency access, ingress and egress, landscaping, parking, or light and air access to provide for solar and wind energy generation; or
- B. As a condition of approval imposed by the review authority.

17.65.030 Form of Covenant

The form of the Covenant shall include the following, where applicable, subject to approval by County Counsel:

- A. A description of the real property that is subject to the easement and/or benefited by the easement;
- B. The approval, permit, or designation granted, which relied upon or required the Covenant; and
- C. The purpose(s) of the easement.

17.65.040 Effect of the Covenant

A Covenant of Easement shall become effective upon recordation in the County Recorder's Office, as executed by the owner(s) of the real property. Upon recordation:

- A. The Covenant shall act as an easement in compliance with Civil Code Section 801 et seq., except that it shall not merge into any other interest in the real property.
- B. The Covenant shall be enforceable by all successors-in-interest to the real property burdened or benefited by the Covenant in compliance with Civil Code Section 1104, and the County.
- C. Notice of the Covenant shall be imparted to all persons to the extent afforded by the recording laws of the State.

17.65.050 Release of Covenant

A Covenant of Easement may be released by the Director acting as Zoning Administrator (17.60.040), at the request of any person, whether or not that person has title to the real property, by the following process:

- A. A noticed public hearing shall be conducted in compliance with Chapter 17.50.050.B (Public Hearing).
- B. Prior to approving the request, findings shall be made that the Covenant on the property is no longer necessary to achieve the land use goals of the County.
- C. A notice of the release of the Covenant of Easement shall be recorded by the Director in the County Recorder's Office, in compliance with Section 17.54.020 (Effective Date of Permit Approvals).

17.65.060 Enforceability

Nothing in this Section creates standing in any person, other than the County and owner(s) of the real property burdened or benefited by the Covenant, to enforce or to challenge the Covenant or any requested amendment or release.

CHAPTER 17.67 – CODE ENFORCEMENT

Sections:

- 17.67.010 Purpose
- 17.67.020 Conformance by County Officials.
- 17.67.030 Administration and Enforcement.
- 17.67.040 Penalty for Violation.
- 17.67.050 Abatement of Nuisance.
- 17.67.060 Subsequent Permits
- 17.67.070 Remedies Cumulative
- 17.67.080 Investigation Fee

17.67.010 Purpose

The purpose of this Chapter is to establish provisions to ensure compliance with the requirements of this Title and any conditions of permit approval, to promote the County’s planning efforts, and to protect the public health, safety, and welfare.

17.67.020 Conformance by County Officials

All departments, officials, and employees of the County that are vested with the duty or authority to issue permits or licenses shall conform to the provisions of this Title and all other ordinances and shall issue no permit or license for uses, buildings, or purposes where they would be in conflict with the provisions of this Title. Any authorization, certificate, license, or permit issued in conflict with the provisions of this Title shall be void and of no effect.

17.67.030 Administration and Enforcement

It shall be the duty of the Director to administer the provisions of this Title in compliance with County Code Chapter 9.02 et seq. (Code Enforcement). The Director shall be aided in this enforcement responsibility by the officers and authorized representatives of the County agencies, departments, and offices charged with the responsibility of administering, implementing, and ensuring compliance with the provisions of this Title.

17.67.040 Abatement of Nuisance

Any structure erected, constructed, altered, enlarged, converted, moved, or maintained, or any land or structure that is used contrary to either the provisions of this Title or any condition of approval imposed through discretionary authorization, shall be declared unlawful and be subject to the provisions of Chapter 9.02 (Code Enforcement) for correction and/or abatement. Any act or omission made unlawful under this Title shall also include abetting, aiding, allowing, causing, or permitting the act or omission.

17.67.050 Penalty for Violation

- A. Any person, firm, partnership, association, corporation, or other entity, whether as principal, agent, employee, or otherwise, shall be deemed guilty of a separate offense during any portion of each and every day when any violation of this Article or any zoning law or ordinance is committed, continued, or permitted by such person or entity.
- B. Such person or entity violating any of the provisions of this Title shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by either a fine of not more than \$5,000.00 for each separate offense in compliance with Subsection A above, imprisonment in the County jail for a term not exceeding six months, or both such fine and imprisonment, which amount and term may be amended from time to time.
- C. Payment of any fine or service of a jail sentence as provided in this Section shall not relieve a person or entity from the responsibility of correcting the violation.
- D. Should a person be found guilty and convicted of a misdemeanor for the violation of any provision of this Title, the conviction shall not prevent the County from pursuing any other available remedy to correct the violation.

17.67.060 Subsequent Permits

- A. Where a structure or use of a lot is not in compliance with the provisions of this Title, no subsequent permit shall be issued by the County for any other structure or use on the same lot until such time as the illegal structure or use is brought into compliance or otherwise abated, except where such a permit would bring the illegal structure or use into compliance.
- B. Where a non-permitted sign advertising a use, whether on the site of the use or on a different lot of land, is erected, constructed, or otherwise installed, the County shall not issue any permit for the use which the sign is advertising and shall cease any processing of associated permit applications until such time as the sign is removed.

17.67.070 Remedies Cumulative

The remedies provided for in this Chapter shall be cumulative and not exclusive.

17.67.080 Investigation Fee

Upon determination that a violation of the provisions of this Title has occurred, the property owner shall be liable for the costs incurred by County staff for investigation and enforcement, as set forth in the adopted fee resolution, as may be amended from time to time.

CHAPTER 17.68 – POST-DISASTER REBUILDING

Sections:

- 17.68.010 Purpose
- 17.68.020 Exceptions
- 17.68.030 Applicability
- 17.68.040 General Provisions
- 17.68.050 Modifications of the Provisions of this Title
- 17.68.060 CEQA Exemption
- 17.68.070 Appeals

17.68.010 Purpose

This Chapter establishes the land use regulations for the expeditious repair and reconstruction of structures damaged as a result of a disaster for which a local emergency has been declared by the Board. This Chapter allows modifications to some sections of this Title but does not allow exemptions from any health and safety requirements.

17.68.020 Exceptions

The provisions of this Chapter, including the relaxation of development standards, are not applicable to structures located in a designated hazard area, such as special flood hazard, dam failure inundation, and avalanche hazard areas, or in any mapped area established by separate action of the Board or other authorized official, as a moratorium area which contains hazards to health and safety caused by the disaster, requiring in-depth study before allowing rebuilding of any kind.

17.68.030 Applicability

The provisions of this Chapter are applicable for a period of 180 days following each disaster for which a local emergency has been declared by the Board. The Board may extend the provisions as necessary.

17.68.040 General Provisions

- A. Structures illegally constructed or occupancies illegally established before the disaster shall not be reconstructed or reestablished.
- B. Nonconforming structures shall be subject to the requirements under Subsections 17.61.050.B-C (Nonconforming Structures).

- C. Where the provisions of this Chapter do not conform to other provisions of this Title, the provisions of this Chapter shall prevail.

17.68.050 Modifications of the Provisions of this Title

Whether or not the processing of building permit applications (hereinafter referred to as “application”) is expedited based on either direction from the Board or Director’s determination, the following modifications to the provisions of this Title shall be allowed, as follows:

- A. **Application Requirements.** In order to be eligible for modifications of the provisions of this Title and expedited application processing, when allowed, an application shall meet all of the following criteria:
 - 1. The application shall be for the reconstruction or repair of damage caused by the disaster;
 - 2. The application shall have been filed after the occurrence of the disaster;
 - 3. The application site is not within a designated hazard area; and
 - 4. The application does not violate applicable County, State, or Federal law.
- B. **Submittal Information Required.** The County may require evidence that the previous use or structure existed prior to the disaster, including but not limited to: aerial photos, copies of building permits, County Assessor’s records, original construction plans, photographs, property deeds, reports/studies, and surveys. Evidence that the damage to the structure was the result of the disaster may also be required.
- C. **Conforming Structures and Uses.**
 - 1. Submittal of previously approved site and building plans shall be allowed for the in-kind reconstruction of conforming structures in all zones. Where no previously approved plans are available for review or when alteration or expansion of conforming structures are being proposed, reconstruction will be subject to the standard site and building plan requirements for an application.
 - 2. Conforming structures occupied by conforming uses which are subject to a discretionary permit, to include but not be limited to a Conditional/Minor Use Permit, Variance, or Design Review Permit, may be reconstructed subject to previously approved site and building plans, with review by staff to ensure compliance with the discretionary permit. In the case where an approved site plan is not available for review, the property owner shall obtain issuance of an Administrative Permit in compliance with Section 17.52.010, to ensure compliance with the discretionary permit and all applicable development standards for the zone.

- D. Temporary Structures.** Temporary mobile homes or recreational vehicles may be placed on any site made uninhabitable by disaster until such time as permanent structures can be completed, in compliance with time limits under Section 17.68.030, as follows:
- 1. Residential Housing.** Temporary residential quarters shall be allowed on the lot where a residential unit(s) is made uninhabitable by the disaster in compliance with Paragraph 17.40.190.C2 (Mobile/Manufactured Homes: Temporary While Constructing). The unit(s) may only substitute for the unit(s) previously on the property and shall be installed after issuance of a temporary occupancy permit, which may be issued prior to issuance of the reconstruction permit(s).
 - 2. Non-residential Uses.** Temporary mobile homes or recreational vehicles for non-residential uses, either singly or in groups, shall be allowed in any zone except residential zones and on the same lot as the damaged or destroyed structure, subject to the issuance of a temporary occupancy permit in compliance with Paragraph 17.40.190.B.1 (Mobile/Manufactured Homes: Contractor’s Office).
 - 3. Exception to Development Standards.** Under a temporary occupancy permit, development standards for the zone, such as setbacks, may be modified so that placement of the temporary mobile home or recreational vehicle will allow for unobstructed reconstruction on the site, providing said placement does not have an adverse impact on public health and safety.

17.68.060 CEQA Exemption

All applications and permits approved under the provisions of this Chapter are exempt from the requirements of CEQA in compliance with Public Resources Code Sections 21080 (b)(2-3) and 21172, and Section 15269 of the CEQA Guidelines.

17.68.070 Appeals

All land use decisions provided for in this Chapter shall be appealable in compliance with Chapter 17.52.090 (Appeals).
