Why do you seek appointment?

I have worked with several non-profit organizations that worked closely with municipal entities to engage residents and stakeholders in making their communities better - it is my professional focus, and my personal mission. I have lived in Shingle Springs since 2017, and live along the El Dorado Trail, which I use regularly. I have been a regular rafter and kayaker on the South Fork since I was a teenager. I have realized that I'd like to participate more with what goes on in my community, and I feel that the skills that I've developed through my work would be applicable to the Parks and Recreation Commission.
