### What our Customers are Saying

#### Walk-In Surveys

We sent out **272** surveys to Planning and Building walk-in customers and received **18** responses.

#### Exceptional Service Recognized

- **Staff Courtesy: 4.9 / 5.0**
- **Staff Knowledge: 4.8 / 5.0**

This month, we had **14** different staff members called out by name for delivering outstanding service! Staff got some great shout-outs, below are some examples

- *"Eric Michaelson provided perfect service and support. His assistance and helpfulness was top notch at the highest level, and very, very appreciated. Beyond answering my questions clearly and in depth, he navigated me down the right paths to move forward."*
- *"I have been a contractor for almost 50 years your staff is number 1."*
- *"I want to give a big shout out to Nancy, Rebecca and Sam. They guided me through the owner/builder pool permit process. They were courteous, efficient and had my interest at heart. They helped me address some missing information on my submittal. As a retired CalTrans executive I know that government employees don't get the recognition they deserve when they do a good job for the public. Those three employees are exceptional!!! Please extend my gratitude."*

#### Post-Permit Submittal Surveys

This month we sent out **65** surveys after permit submittal but only received **2** responses.

Of the **46** surveys sent after permits had been finalized, we received **5** responses. We also received this feedback:

- *"I am confident the staff in general is well qualified. All the women that handled the permit application and issuance were efficient, pleasant and seemingly interested in treating members of the public with respect. The field inspectors were very good. They saw some things I had overlooked, I made the corrections and they were approved."*

#### \*TRIVIA QUESTION\*

Which film features the famous line, "Of all the gin joints in all the towns in all the world, she walks into mine?"

\*ANSWER\*

Casablanca. Gin is a common base spirit for many mixed drinks, including the martini. Secretly produced "bathtub gin" was available in the speakeasies and "blind pigs" of Prohibition-era America as a result of the relatively simple production.
