1. Section 11A, Initial Term, is hereby amended in its entirety to read as follows:

A. Term

The Term of this Agreement shall be effective when fully executed by all parties and shall expire eight (8) years following the effective date of the Fourth Amendment. Provided that Contractor provides the 120-day notice provided for in this section, this Agreement shall be automatically extended for an additional period of twenty (20) years, contingent upon Contractor completing the construction of a new state-of-the-art transfer station / MRF with a new state-of-the-art equipment C&D Debris sort line on the site of the existing transfer station located at 4100 Throwita Way by October 20, 2024. Except as provided below, the additional twenty (20) year extension shall not occur if Contractor fails to complete construction of the new state-of-the-art facility by October 20, 2024.

Over the Franchise Term, Contractor's Transfer Station / MRF rates will be adjusted using the calculation specified in County's Solid Waste Rate Setting Policies and Procedures Manual for Unincorporated Areas (Page D-4, under Pass Through Costs, based on eighty-five percent [85%] of the prior change in the Consumer Price Index, All Urban Consumers, US City Average - Garbage and Trash Collection). At no time over the Franchise term will Contractor be allowed to request, and the Board will not approve, an increase in refuse Collection rates or Transfer Station / MRF rates to compensate Contractor for any of the costs of the new Transfer Station / MRF improvements at 4100 Throwita Way based on Contractor's original 2014 maximum project estimate of twelve million dollars [\$12,000,000.00]. An increase in refuse Collection rates or Transfer Station / MRF rates to compensate Contractor for any estimated costs of the new Transfer Station / MRF improvements that are in excess of the 2014 maximum project estimate may only be requested and considered by the Board if the estimated costs significantly exceed Contractor's original 2014 maximum estimate. Contractor will provide the actual agreed upon cost when completed, and Contractor must furnish an itemized list of the final facility costs, by asset name, asset description, asset number, acquisition date, and acquisition cost. This asset listing shall be retained in County files and listed as an attachment to the Franchise Agreement.

In the event the new Transfer Station / MRF improvements are not completed by October 20, 2024, Contractor shall not be entitled to the additional twenty (20) year extension, except that County may exercise renewal options under Section 11.B if County, in its sole discretion, determines that Contractor had made diligent efforts to complete the Transfer Station / MRF by October 20, 2024 and the delay is a result of unforeseen circumstances outside the control of Contractor. Contractor shall provide County with 120 days prior written notice before the termination of the eight (8) year

term of its desire to automatically extend the term of this Agreement for the additional twenty (20) year extension. Said automatic renewal may occur only if Contractor is in material compliance with the terms and conditions of the Agreement.
