El Dorado County to Perform Road and Signal Improvements
Missouri Flat Road between Pleasant Valley Road and Golden Center Drive
August 2023 through March 2024

August 9, 2023

(PLACERVILLE, CA) – El Dorado County's Department of Transportation will be performing a roadway improvement project on Missouri Flat Road between Pleasant Valley Road and Golden Center Drive. The work is scheduled to begin mid-August and continue through March 2024.

The project will include installation of new traffic signals at the Enterprise Drive and Industrial Drive intersections, in addition to storm drain improvements and pavement restoration work. This construction work is necessary to better facilitate traffic and enhance safety through the highly traveled Missouri Flat Road corridor.

The majority of the project will be constructed from mid-August to mid-November and involve both day and night work. The final traffic signal installation will be completed in February and March of next year.

The work will require occasional lane closures during which motorists should expect delays. The lane closures are necessary to ensure motorist and worker safety. Motorists are also advised to allow extra time when traveling through the work zone in order to arrive at their destinations on time.

Motorists are advised to expect traffic delays during work hours and are encouraged to use alternate routes whenever possible.

For questions regarding this construction, please contact the County's Transportation main line at (530) 621-5900 (select Option 3 for Engineering).
