Purpose: Briefly describe how the funds will be used to serve veterans in El Dorado County (e.g., To provide essential services and support to veterans in need, including housing assistance, transportation, meals, and wellness programs.)

We have an estimated home housing assistance project for a local veteran of Pollock Pines, CA . The extent of damages to the home total in extensive amount of over 20,000.00. We have been able to source lowered cost building materials, skilled laborers, dump trailer and a clear schedule. With these funds we can make significant repairs and replacement of rotted Cantilever's which are structural components of the home.
The project consists of a two level porch that had collapsed on top of one another completely destroying both porches and safe entry into the home. With these emergency funds we will removed all damaged materials, build all new decking with proper hand rails, new stairs, and two new entry points. The extensive rot of existing cantilever's are at risk of compromising the structural integrity of their home. We adamantly request emergency fund grant dollars to make this free and charitable home repair for this veteran family

Purpose: Briefly describe how the funds will be used to serve veterans in El Dorado County (e.g., To provide essential services and support to veterans in need, including housing assistance, transportation, meals, and wellness programs.)

The requested funding will be used to provide 7,162 nutritious, home-delivered meals to 125 home-bound El Dorado County veterans aged sixty and older. Each veteran – whether temporarily or permanently home-bound – will receive seven meals per week for a period of two months. Dedicated and caring volunteers will deliver these meals Monday through Friday, offering not only a nutritious meal but also regular wellness check-ins that provide peace of mind for both the veterans and their families. At a cost of \$11.17 per meal, this program represents a significant investment in senior health and independence. The funds requested will help the County offset the rising costs of operating the Senior Nutrition program, ensuring that nutritious meals and essential social contact remain accessible to vulnerable older veterans. This support promotes overall wellness and enables older veterans to continue living independently and with dignity in their own homes.

Services to be provided (check all that apply and estimated costs):

Purpose: Briefly describe how the funds will be used to serve veterans in El Dorado County (e.g., To provide essential services and support to veterans in need, including housing assistance, transportation, meals, and wellness programs.)

In recent years, American Legion Post 795 has struggled with community support. With an average of \$100,000/year in expenses, which averages out to more than \$8,000/month, we depend on renting out our facility for birthdays, anniversaries, DJ Parties, etc., to make up the needed funds to keep our doors open. We have found our position, as well as many other businesses in South Lake Tahoe, to fall short of the needed 'parties' and now depend on other sources of income. As of February this year, we found our bank balances to be less than \$1,000. Fortunately, we had a few members/supporters to assist us in the way of donations to help us through this hard time. If we have to close our doors, it means that the members will have no other Veteran facility to gather. The funds will be used to pay off overdue debts, upgrade some needed upgrades (like single pane windows), plus give us the capital to assist veterans who come through our town in need of help.

Services to be provided (check all that apply and estimated costs):

- Emergency housing assistance \$ 1000,00
- Food and nutrition support \$ 1000,00
- Transportation to medical appointments \$
- Mental health and wellness programs \$
- Case management and benefits navigation \$
- Other: Needed upgrades and past due bills (insurance & liberty) \$ 28000,00

Expected Outcomes:

Number of veterans to be served: 50 - 100

Reduce homelessness among veterans by 2 %

Provide 5 meals per month

Ensure _____ veterans receive transportation to medical care

Ensure 5 veterans receive navigation to benefits and other resources

Other Pay off past due bills and keep our doors open to assist Veterans in need.
