## NOTICE OF PUBLIC HEARING

### El Dorado County Air Quality Management District

The 2008 and 2015 8-Hour Ozone National Ambient Air Quality Standard for the Sacramento Federal Nonattainment Area – Proposed Contingency Measures and Reasoned Justification

NOTICE IS HEREBY GIVEN that the El Dorado County Air Quality Management District (AQMD) has scheduled a public hearing on December 10, 2024, at the El Dorado County Board of Supervisor's Hearing Room, 330 Fair Lane, Placerville, California, at 8 AM or thereafter. AQMD is recommending the Air District Board of Directors adopt the 2008 and 2015 8-hour ozone National Ambient Air Quality Standard for the Sacramento federal Nonattainment Area-proposed contingency measures and reasoned justification.

The Sacramento Federal Nonattainment Area (SFNA) for ozone consists of Sacramento and Yolo counties and portions of El Dorado, Placer, Solano, and Sutter counties. The SFNA has been designated as nonattainment with severe classification for the 2008 and 2015 ozone standards. Sections 172(c)(9) and 182(c)(9) of the Federal Clean Air Act (FCAA) require ozone nonattainment areas classified as serious and higher (severe or extreme) to include contingency measures in their State Implementation Plans (SIPs). Following the guidance from the United States Environmental Protection Agency (U.S. EPA), the SFNA air districts have prepared a SIP Revision. This proposed SIP Revision identifies the proposed contingency measures for volatile organic compounds and includes an infeasible demonstration for nitrogen oxides contingency measures. This SIP Revision will be submitted to each SFNA air district Governing Board for approval by its meeting schedule.

**NOTICE IS FURTHER GIVEN** that if adopted, this SIP Revision will be submitted through the California Air Resources Board to the United States Environmental Protection Agency for final approval.

**NOTICE IS FURTHER GIVEN** that all interested persons may examine or request a copy of the proposed SIP Revision at the AQMD office at 330 Fair Lane, Building A, Placerville, CA 95667 from 8:00 AM to 5:00 PM Monday through Friday by advance appointment. Copies of this notice and the rule are posted on the AQMD website <https://www.eldoradocounty.ca.gov/Land-Use/Air-Quality-Management-District>. Please submit any comments in writing to EDCAQMD 330 Fair Lane, Placerville, CA 95667, or via [aqmd@edcgov.us](mailto:aqmd@edcgov.us). If you have any questions or would like to make an appointment, please contact Rania Serieh at (530) 621-7509.
